THE IMPORTANCE OF THE 5CS

CARAT WEIGHT Size is only significant when considered with cut, clarity and colour. A large stone is of lesser value if it lacks brilliance.

CUT The cut of a diamond is crucial to its brilliance. Only by cutting to precise proportions can the maximum brilliance and hidden fire be revealed.

COLOUR A diamond from Showcase is carefully colour graded according to international gemmological standards.

CLARITY Any diamond from Showcase is meticulously graded and then certified to internationally recognised standards.

CONFIDENCE The quality of all Showcase diamonds is exemplary and all diamonds ½ carat and above carry independent certification; international recognition of their exceptional quality. You should expect nothing less from a specialist.
